U Drive. U Text. U Pay. Begins Statewide on April 1

Minot, ND- Texting and driving is illegal in North Dakota and law enforcement across the state will have extra patrols to enforce the state's distracted driving law from April 1-30 for the nationwide *U Drive. U Text. U Pay.* campaign.

Last year, more than 370 citations were issued in North Dakota to distracted drivers during the state's two enforcement periods (April and September). Distraction is more than just taking your eyes off the road. Distracted driving also includes taking your hands off the wheel or taking your mind off driving. Distracted driving takes on many forms; however, texting is one of the most common across the nation

"Use do not disturb apps to let friends and family know when you are driving. Drive distraction free and put yourself in the best position to arrive alive," said Minot Police Chief Jason Olson.

This campaign is part of the Vision Zero strategy to eliminate motor vehicle crash fatalities and serious injuries on North Dakota roads.
