Operator: A motor vehicle driver, bicyclist, or pedestrian directly involved in a crash

<sup>1</sup> Alcohol involvement may be higher than currently reported due to pending investigations.

<sup>2</sup> Indicates at least one operator had a positive Blood Alcohol Content (BAC) AND/OR law enforcement reported alcohol involvement at scene; passenger BACs are excluded.

<sup>3</sup> Indicates operators who had samples taken had a negative Blood Alcohol Content (BAC) AND no alcohol involvement reported by law enforcement; passenger BACs are excluded.

<sup>4</sup> Indicates no operators had samples taken for alcohol testing, therefore, alcohol involvement is unknown. Passenger BACs are excluded.

<sup>5</sup> Indicates crash record is not fully complete; unknown if samples were taken, or results are pending

<sup>6</sup> Indicates situations where no restraint was available in the seat position of the occupant. Examples would be Motorcycle, Pedestrian, Snowmobile, etc.

<sup>7</sup> Speed-Related includes law enforcement-reported contributing factors of "exceeded speed limit" AND/OR "driving too fast for conditions".

<sup>8</sup> Indicates documented loss of control resulting in a vehicle leaving the original lane of travel.

<sup>9</sup> Commercial Motor Vehicles include vehicles that meet the following criteria: Any truck with a gross vehicle weight rating (GVWR) of 10,000 lbs or more; any motor vehicle with seating to transport nine or more people including driver; any motor vehicle displaying hazardous material placards regardless of weight.

<sup>10</sup> Reflects a multiple day period that varies per holiday and the day of the week on which the holiday falls.
